The claims are allowed because nothing in the art shows or suggests a cooling module with the recited housing compartment having an air vent, and the recited components (liquid tube, radiator having an impeller, water delivery device) located in the housing compartment and arranged and interconnected as claimed, with the water delivery device driven magnetically by the impeller.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
